Project overview

5 project partners

2 countries

10 pilot projects

Programme area

Wien

Wiener Umland/Südteil

Niederösterreich-Süd

Nordburgenland

Győr-Moson-Sopron

Mittelburgenland

Oststeiermark

Graz

Südburgenland

Vas

Zala
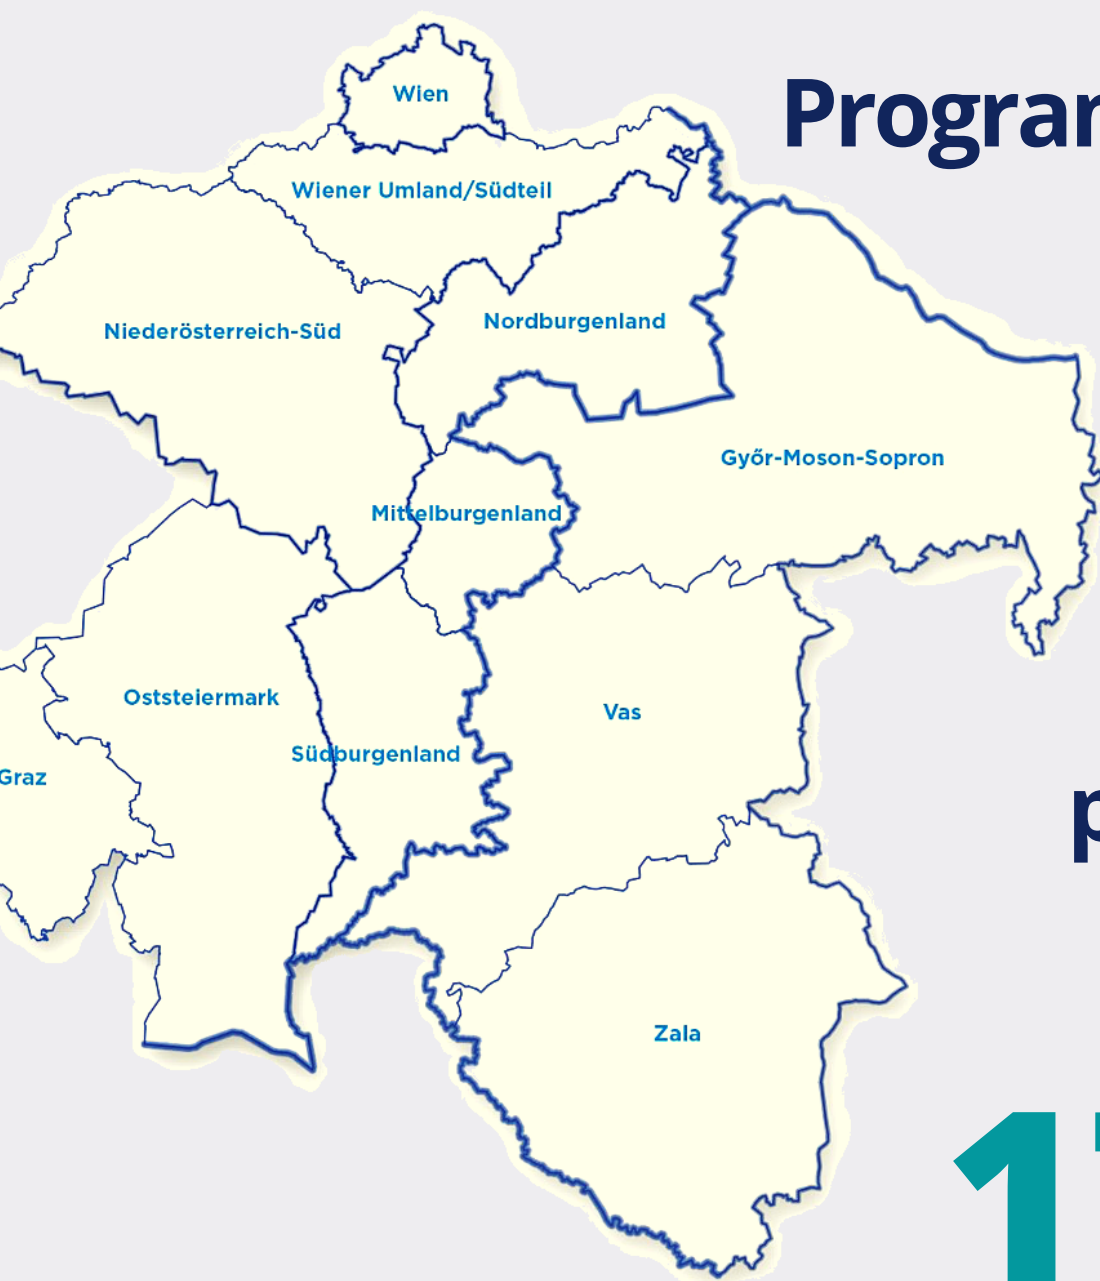

4,5 million population in 2019

173K Active Companies in 2018

Networks

4 **DIH-Networks**

Our project consortium is part of the "DIH-Ost" and the "am-LAB", providing access to experts and specific knowledge.
We also collaborate with the regional hubs "Coginitive Robotics & Factory Hub" and "CAMPUS 02 Research Section" to improve regional cooperation.
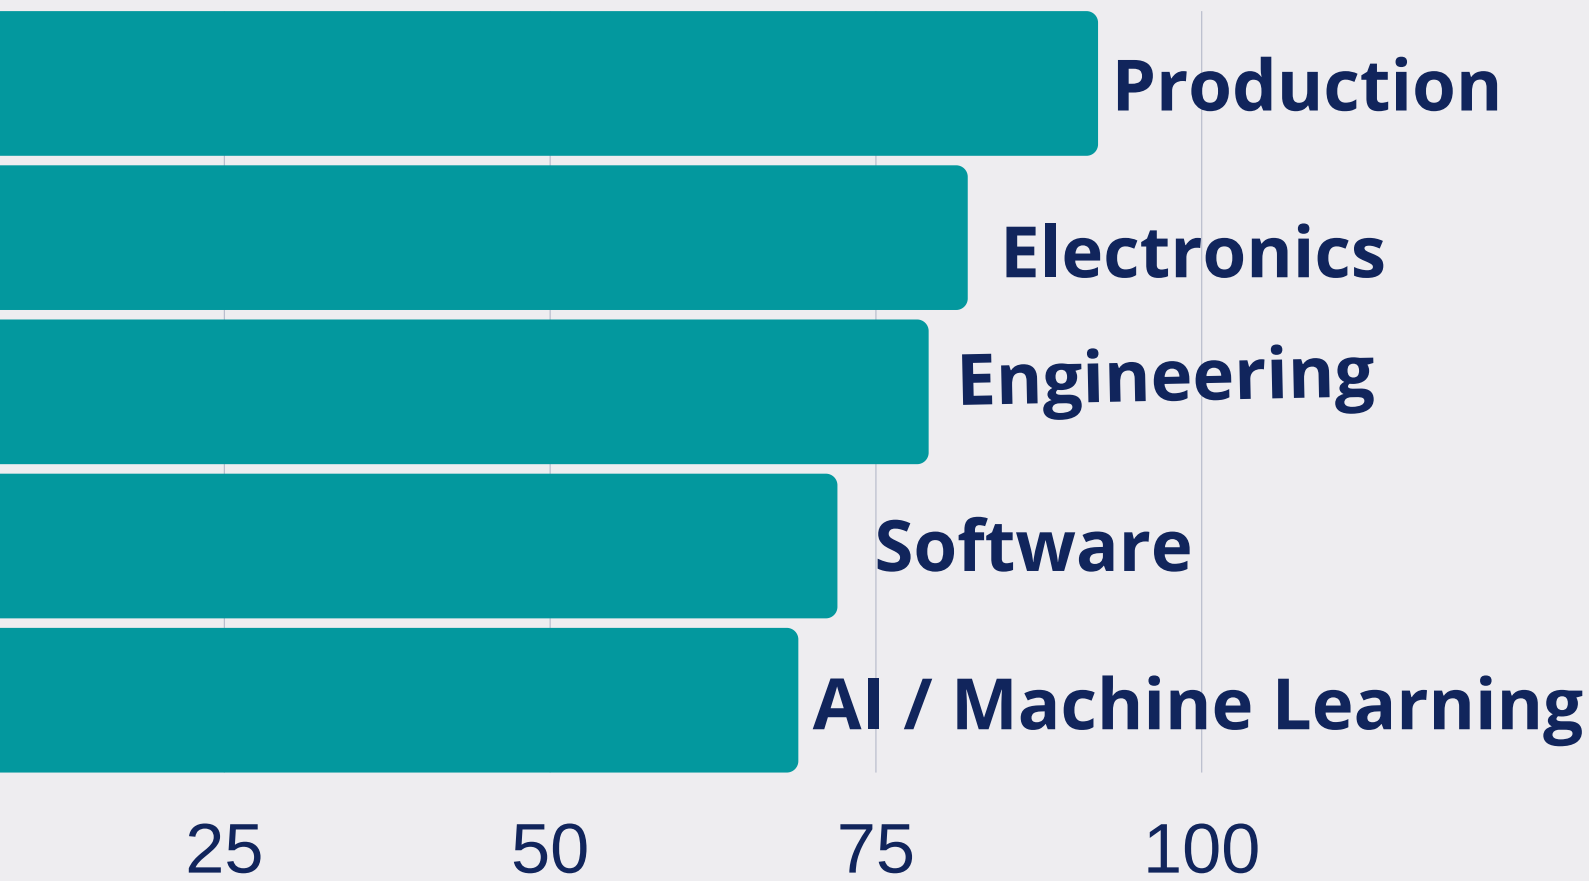

target groups

| businesses | political stakeholder | education & public |

5 biggest competencies in the programme region
/ based on the internal evaluation score

- Production
- Electronics
- Engineering
- Software
- AI / Machine Learning

25 50 75 100

Future trends for the programme region
/ based on the internal evaluation score

- Additive Manufacturing (3D Printing)
- Internet of Things (IOT)
- Artificial Intelligence
- Robotics & Assistive Systems
- Cloud Computing

Areas of Digitization competencies

Aerospace & Aviation

Artificial Intelligence & Machine Learning

Basic research

Blockchain

Electronics

Energy-systems

Engineering

Health & Life

Production

Traffic & Transport

Software

Simulation
