

MEASURES FOR ENSURING THE QUALITY OF TEACHING AT CAMPUS 02 UAS

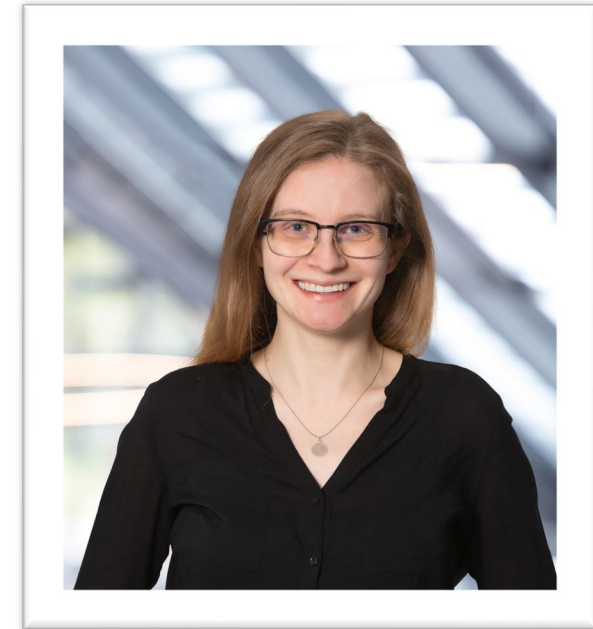

April 21st 2022

INTRODUCTION

Anastasija Lyubova, BA

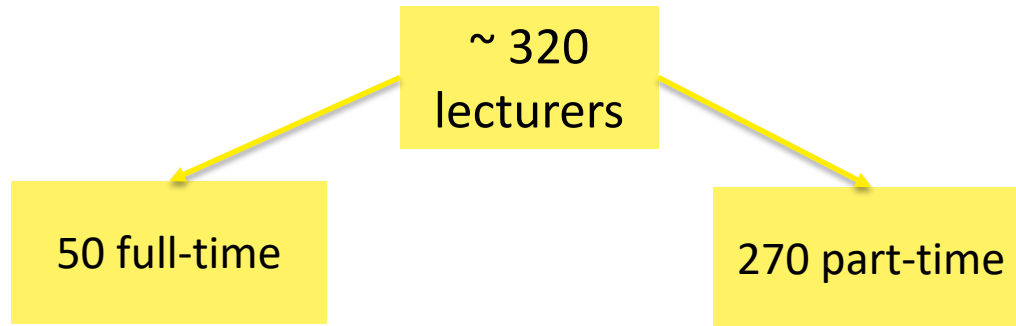

Andrea Meier, MA

- ▶ Centre for Teaching Excellence (CTE) at CAMPUS 02 UAS

HARD FACTS

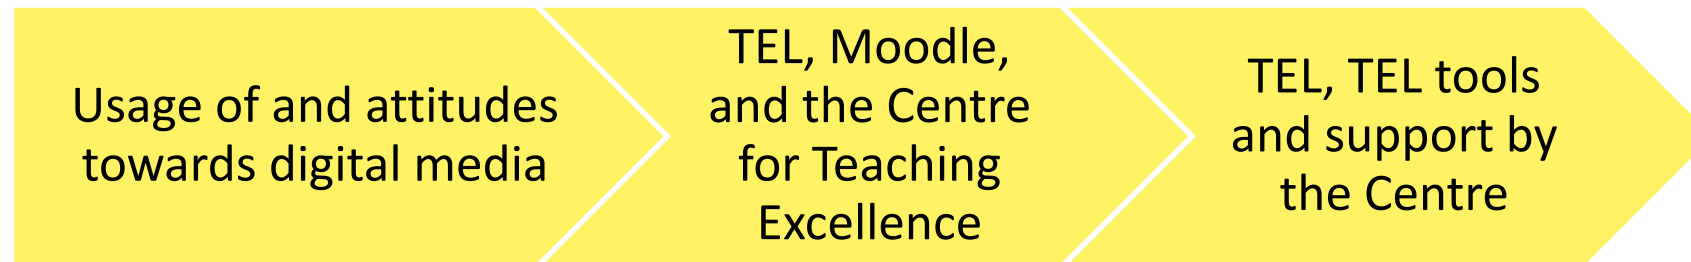

- ❖ Current measures for ensuring quality of teaching:
 - ▶ Workshops and training sessions
 - ▶ Newsletter (once a month)
 - ▶ Website (incl. tool kits, blog, various information)
 - ▶ Videos and studio for making videos
 - ▶ Social media (Twitter)

THE SURVEY

❖ 3 sections:

- ▶ 137 people accessed the survey, 62 submitted their answers
- ▶ 62 % have been teaching for less than 10 years 72% are between 35 and 55 yrs. old

TEL (TECHNOLOGY ENHANCED LEARNING) MEANS TO ME...

“To improve traditional head-on teaching by using different technologies if it fits the learning contents.”

“Usage of technology and tools in teaching to facilitate learning and – ideally – make class more enjoyable and engaging.”

“Moodle, MS Teams, Mentimeter, YouTube“

“ Several modern teaching methods of a technological nature“

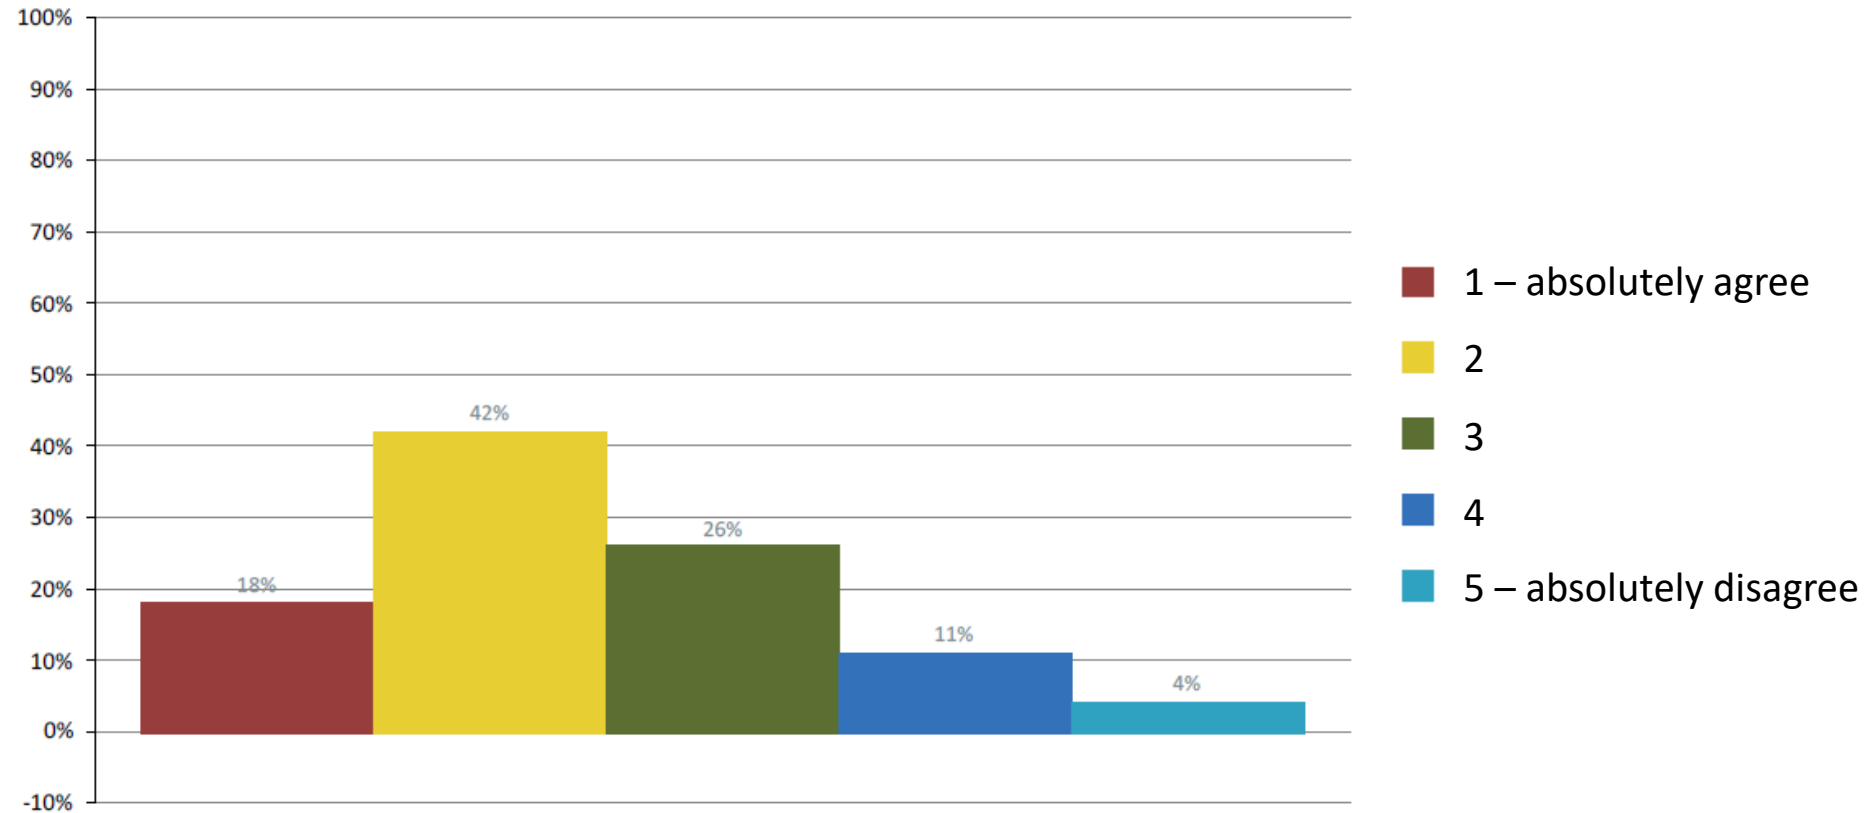

“Usage of information and communication technology in teaching to design a positive and flexible learning environment.“

“TEL is state of the art“

“doing that which I have always done as a technician...”

I FIND IT EASY TO ESTIMATE IF A TEL TOOL OR DIGITAL MEDIUM WILL LEAD TO THE INTENDED LEARNING OUTCOME

OTHER (SURPRISING) FINDINGS

- ❖ Insufficient technological equipment in classrooms
- ❖ Problems with Moodle
- ❖ Facilitating usage of new TEL tools and media:
 - ▶ Training sessions and workshops are preferred (~ 79%)
 - ▶ Existing training sessions and workshops were not attended because of lack of time (55%)

SUMMARY AND FUTURE MEASURES

Future measures:

Promoting the
Centre even
more

Extremely
condensed
information

Easy-to-access
information

Shorter, more
specific
workshops

Institutional
measures and
frameworks

Cooperation with
the departments

SEE YOU AT THE DISCUSSION TABLE!
