

# BLOCKCHAIN APPLICATION DEVELOPER (f/m)

full/part time or internship

## WHAT WE ARE ABOUT

We believe that blockchain is one of the most significant technology innovations of this century, with consequences across all industries. Therefore, we are looking for highly motivated and tech-savvy team members, who share our enthusiasm and choose to help and shape the future of many industries.

Do you want to work in a unique startup environment with a flat hierarchy and a stunning team?

We offer the opportunity to work at the forefront of blockchain products and developing cutting-edge technology while expanding your skills.

## YOUR RESPONSIBILITIES

You will be working on creating concepts and developing prototypes/products for real world industry use-cases based on blockchain technology.

## WHAT WE EXPECT

- Enthusiasm for Blockchain and Decentralization
- Understanding of how decentralized systems work (from a tech perspective)
- Relevant professional or project experience in developing software applications
- Experience in creating full-stack applications (frontend + backend)
- Excellent in at least one of those: Kotlin, Java, Python, Go, JavaScript
- Nice-to-have: NodeJS, Rust, Solidity, Hyperledger, Holochain, ...
- Solid in English
- You have an open-minded personality and you are able to work independently
- Motivation and drive to learn and adopt new things and constantly evolve

## WHAT YOU GET

- Projects at the forefront of blockchain technology with a strong focus on rapid development
- You work with state-of-the-art technologies and frameworks
- Work directly with many of the biggest players in various industries: logistics, production, banks, insurances, energy, ...
- Opportunity to take over the lead for future projects
- A MacBook Pro as your work device
- A monthly gross salary at a minimum of € 2,393 (based on 38,5 h/week) depending on your qualification and experience
- A young and highly motivated team coming from various fields
- An amazing rooftop office, literally in the heart of Graz

## JOIN OUR TEAM

Submit your CV and if available: Work Portfolio, GitHub, LinkedIn to [work@block42.tech](mailto:work@block42.tech)

We will carefully review your application and come back to you as soon as possible. We are very much looking forward to receiving your application.
