

Atomic is one of the leading manufacturers of wintersports equipment and part of the Amer Sports Corporation. For our headoffice in Altenmarkt im Pongau / Salzburg we are currently looking for a:

DIGITAL DESIGN INTERN (M/F/D)

We are looking for a passionate and digital thinking intern to complete our creative team to build up the Atomic brand through our digital channels. You will work on creative assets and solutions as well as adaptations for the website, newsletters marketing and social media. You will take ownership on different creative tasks to support the creative team. We are constantly reinventing how we do things, questioning the status quo and finding new ideas. You will closely collaborate with the digital marketing team and marketing professionals across the Atomic world.

KEY MISSION AND ACCOUNTABILITIES:

- Adaptation & production of digital content assets for the website, newsletters marketing and social media
- Support the creative team
- Collaboration with the digital marketing team
- Support for digital content productions

YOUR PROFILE AND REQUIRED COMPETENCIES:

- In training or already completed graphic design studies with a focus on digital design
- Digital creative mindset
- Strong Figma and Adobe Creative Suite skills
- Teamwork/collaboration
- Solution-oriented

WHAT WE OFFER:

- A varied, demanding and self-responsible activity in the sports industry
- Comprehensive development and training opportunities
- Working in a passionate team
- Flexible working hours
- Attractive social and employee benefits
- Canteen on working place

Should the scope of duties meet with your profile and expectations, kindly send your application via e-mail with all usual application documents to Anja Brennsteiner, Human Resources Specialist, application.austria@amersports.com.
